THE South-Carolina Gazette.

From MONDAY *March* 12th, to MONDAY *March* 19th, 1750.

HAGUE. November 16.

GEneral Lucheſi has viſited the principal members of the government. 'Tis pretended that he is come to execute a commiſſion from their imperial majeſties, and that he will afterwards repair to the Britiſh court. It is likewiſe given out, that his commiſſion regards the affairs of the north, and the meaſures purſued by certain powers to preſerve peace there.

London, Sept. 30. We learn from Francfort, that the French have, in a great meaſure, finiſhed the repairs of the important fortreſs of Laudau, notwithſtanding which they have ſuddenly ſummoned ſeveral thouſand men; whence it is conjectured, that they intend to make ſome augmentations to the works of that place, which are already very conſiderable.

Some private letters from the Hague, mention an affair equally important and ſurprizing, which is, that the negociations of other miniſters having been found very dilatory and unſatisfactory, they have ſome thoughts of ſending the famous M. Van Hoey back to Paris, in hopes his preſence there may be more uſeful than it has been at home.

The magiſtrates of Amſterdam have iſſued a placard, *that no maſter of ale-houſe or tavern, or other houſe of that kind, ſhall receive company, or ſupply them with liquor, after* 9 *o'clock at night, under the penalty of* 25 *guilders.*

London, Octo. 6. An eminent Factor in the Woollen Manufacture, near the Royal Exchange, was taken into Cuſtody by one of his Majeſty's Meſſengers, for being a Principal in the clandeſtine ſending of Artificers and Utenſils for the Woollen Manufacture to Spain, contrary to an Act of Parliament in the 3d Year of Queen Elizabeth; whereby it is enacted, That eight Artificers, or any Number above, departing the Kingdom at any one Time, ſhall be deem'd guilty of Felony, and be puniſh'd as ſuch. Some others were taken into Cuſtody on the ſame Account; and we are aſſured, that Advice has been receiv'd of the ſafe Arrival of a Ship in Spain, having on board about 60 Artificers in the Woollen Manufacture, and that a great Number of Callimancoes and Worſted Damaſks half finiſh'd were arrived, and a great Quantity of Utenſils belonging to that valuable Branch of Trade.

London, Octob. 10. We hear that a perſon of very great Diſtinction will ſpeedily embark for Spain, with the Character of Ambaſſador Extraordinary to his Catholick Majeſty.

Two Men of War and five tranſport Veſſels are ordered to be got ready for ſailing, which are deſigned for Algiers, to bring over the Chriſtians which have been for ſeveral Years detained in Slavery there.

By Letters lately arrived in Town by the Way of Holland, from Admiral Boſcawen's Fleet at the Cape of Good Hope, we are informed, that they ſhould ſail from thence in January next, and hoped to reach England in May; and that a great number of Men had ſuffered by the Flux, occaſioned by drinking too plentifully of the Wines at the Cape.

Oct. 13. The Perſons taken into Cuſtody on Account of the Woollen Manufacture, were examined, and two Perſons who had been articled, but refuſed to go, were examined againſt them; upon which, the Matter being fully proved, they were ordered into cloſer Confinement.

A Meſſenger was diſpatch'd a few Days ago, to Brabant, to ſolicit the Delivery up of one Bevan, formerly an eminent Clothier in Wiltſhire, and Principal in tranſporting the Artificers, &c. in the Woollen Manufacture to Spain, who upon the bringing back of the Ship eſcaped thither.

A Pardon paſs'd the great Seal, granted to George Mackenzie, Eſq; late Earl of Cromartie, of the High Treaſon, whereof he ſtands convicted, and all other Treaſons, &c. by him committed, on or before the 25th of Auguſt, 1746. by Reaſon of his being concerned in the late Rebellion; with proviſo, that if the ſaid George Mackenzie ſhall not be, and remain in ſuch Place as his Majeſty, his Heirs, &c ſhall from time to time, by his or their Sign Manual direct, the ſaid Pardon to be void. His Majeſty was alſo pleaſed to grant him the Sum of 500 l. per Annum, out of his forfeited Eſtates in Scotland, for the Maintainance of his Family; and to ſettle the Reſt of the Money ariſing by the Sale of his ſaid Eſtates, upon his Children.

A Penſion of 500 l. per Annum was alſo granted, by the Favour of his Majeſty, to the Maſter of Lovat, Son to the late Lord Lovat, out of the Eſtate belonging to the late Lord.

Upon a Council of War, held at Vienna ſome Days ago, at which his Imperial Majeſty was preſent, the Court came to a Reſolution, That no Government ſhould be in the Poſſeſſion of any one Perſon, for the Future, above three Years.

London, Oct. 17. There are Letters which mention, that the Sect called Moravians, has been baniſhed the Electorate of Saxony.

Yeſterday came Advice of the Arrival off Dover, of the Honourable Sir William Gooch, Bart. his Majeſty's Lieutenant Governor of Virginia.

Oct. 20. Several Perſons concerned in tranſporting the Woollen Manufactures to Spain, were re-examined, when two of them were admitted to Bail, but the principal Perſons were ordered to be continued in cloſe Cuſtody. At the ſame Time a Perſon concerned in the above Tranſaction, and who had been ſome Time upon Bail, was ordered into cloſe Cuſtody of a Meſſenger.

The Inhabitants of the Iſland of Corſica are ſaid to be in a perfect State of Inaction, impatient to know their Fate, and in Hopes of ſoon having a new Maſter.

A Project is on Foot for making a commodious Harbour on the Coaſt of Normandy, with a Deſign perhaps, to ſmuggle Wool from England.

They now acknowledge at Madrid, that the Affairs of the Caraccas is become ſo ſerious, that the Court has reſolved to ſend over forthwith 2000 regular Troops, to bring the Rebels to Reaſon.

It is given out for certain, ſay the Letters from Hamburgh, that the Court of Vienna will bring upon the Tapis next Year, the Election of a King of Bohemia: But at the ſame Time it is whiſper'd, that another German Potentate may poſſibly get the Start of the Houſe of Auſtria in this Election, though he does not deſign that Kingdom for any of his own Relations. *This ſeems very myſterious.*

Oct. 21. No Advice having been received of the Recovery of Fort St. George, a Meſſenger was therefore diſpatched on Tueſday to France on that Subject.

The laſt Letters from Madrid adviſe, that the Intent of Mr. Keene's making a Tour to London, is to give by Word of Mouth certain Eclairciſſements in Relation to the Negociation he is charged with, which is chiefly retarded by the Arts of the Guipuſcoan Company; and that this Miniſter will be thereupon furniſhed with ſuch Inſtructions as the Court of Spain will be very far from rejecting.

Oct. 26. We hear from Manchester, that the Rev. Mr. George Whitefield, preached at St. Ann's Square in that Town, on Sunday the 15th Inſt. to a very large Number of People.

We hear that no Workmen will be admitted into his Majeſty's Yards for the future, under 20 Years of Age, or above 40.

The laſt Letters from Poland draw a frightful Picture of the Deſolation which is cauſed in great Part of that Kingdom by the Locuſts; which Calamity, added to the Multitude of Troops that are

are quartered in thoſe Parts, and have conſumed almoſt the Whole Remainder of their Proviſion, will leave but little for the Subſiſtance of the poor Inhabitants.

Oct. 27. A Grant has paſſed the Great Seal wherein his Majeſty is pleaſed to re-incorporate ſingular, all the Freemen of the Art of Butchers of the City of London, and all others who now uſe and exerciſe the Art within the ſaid City, the Liberties and Suburbs thereof, or in any Place within two Miles from the ſaid City; by the Name of the Maſter, Wardens, and Commonalty of the Art or Myſtery of Butchers of the City of London. (*A very myſterious Buſineſs, be ſure! that a Man ſhould have Skill enough to knock down or ſtab a poor innocent Creature that can make no Defence!* PRINTING *was always call'd an* Art, *or* Myſtery, *and is eſteem'd an excellent one: But of the Art or Myſtery of a* Butcher, *whoever read before?*

Oct. 28. We are aſſured that a late Expreſs from France entreats this Court to join with them in a Mediation between Sweden and Ruſſia.

Orders have been given for proſecuting the ſeveral Perſons concerned in tranſporting the Woolen Manufactures to Spain; and it is ſaid, they will be indicted this Term at the King's Bar.

We hear that a Sloop of War is ordered to be mann'd and victualled at Portſmouth, in order to ſail with all Expedition for the Weſt-Indies, with Inſtructions to the ſeveral Governors.

Capt. Campbell, we hear, ſails ſoon for Gibraltar, with ſome Men of War to join Commodore Keppel's Squadron.

Thurſday it was reported that two Dutch Ships, bound for Liſbon from Hamburgh, were taken a few Leagues Diſtance from Oporto, by the Algerines.

Nov. 3. The right Honourable the Lord Cathcart will ſhortly be appointed one of the Lords of his Majeſty's Bed-Chamber.

From Scotland, that great Part of the Coaſt, where the Fiſheries are to be eſtabliſhed, is levelled, and great Progreſs made in erecting Buildings for that Undertaking.—The Herring Fiſhery was very ſucceſsful at Lewes, all the Ships being loaded.

Nov. 4. The Right Hon the Earl of Suſſex and Lord Cathcart, the Two Noblemen who were Hoſtages in France, are arrived in Town from that Nation.

Orders are given by the Lords Commiſſioners for Trade and Plantations, to employ ſome Tranſports for conveying Builders and Stores, &c. to Nova-Scotia.

Some of the large Men of War in Portſmouth Harbour are ordered to be got in Readineſs for Sailing, &c.

The Trade at Dunkirk daily increaſes, and the Talk of demoliſhing the Harbour is quite dropt.

A Meſſenger is diſpatched to Spain, on Account of ſome Artificers lately gone thither.

Nov. 6. We are aſſured, that the Hon. Sir Edward Hawke, Knt. whoſe Conduct in a former Affair was greatly applauded, is conſtituted Preſident of the Court Martial which is ſhortly to ſit for the Trial of ſome Officers and Mariners.

Nov. 7. According to Letters from Vienna the Court has lately received divers Expreſſes from different Parts, and ſeveral Councils have been held on the Contents of their Diſpatches, which are kept very ſecret; but it is obſerved, that Orders have ſince been iſſued for remounting the Cavalry, and compleating all the Regiments, both Horſe and Foot, as ſoon as poſſible.

They write from Berlin, that his Pruſſian Majeſty, has ordered ſeveral Regiments to form a Camp towards the Frontiers of his Dominions; but on what Side, whether on the Frontiers of Sileſia, or towards Courland, they don't inform us: And the Reaſon they aſſign for this Encampment is, to enure the Troops to cold Weather; which it certainly will do, whether or no there be any Thing more intended by it.

We hear from Dreſden, that Couriers frequently arrive from Vienna, and that ſeveral Councils have been called on the Subject of their Diſpatches: They add, that the Court of Vienna, has reinforced her Troops in Moravia with Twelve Squadrons and Four Regiments of Infantry, upon the Receipt of ſome Intelligence, from Berlin.

Letters from Madrid unanimouſly agree, that Spain will purchaſe Corſica for the Infant Don Philip, and that this Affair is like to be ended before New-Year's Day.

The Lords of the Admiralty have given Orders for building a new 20 Gun Sloop of War, which is to be called the Cape-Breton.

Nov. 9. 'Tis expected that if a Court Martial ſhall be appointed to enquire into the Conduct of a certain S——O——r, the Publick will be entertained with an Account of his Gentroſity to the Enemy in the W—t I——s; and probably the true Reaſons may be diſcovered, why a Fleet of their Ships was convoyed into Port, without taking one of them.

Edinburgh, Octob. 26. James Hamilton, aged about ninety, who for many Years has been bowed down in ſuch a Manner, that his Breaſt lie between his Ancles, and his Knees riſe on each Side higher than his Back, and was carried about on an Aſs as an Object of Charity, was lately married here to a young Woman of Eighteen.
